ATO Congressium Convention and Exhibition
Center Ankara / Turkey

Supporters

This Fair is organized under the supervision of TOBB (Union of Chambers and Commodity Exchanges of Turkey) in accordance with Law No. 5174.

a

About Us

Strong Together, Secure in the Future!

Our Mission

"İGEF aims to establish closer ties between Turkey and the countries of the Middle East, North Africa, the Balkans, the Black Sea Basin, and the Turkic Republics. It also seeks to contribute to the development of commercial relations and security cooperation with countries that share cultural and historical ties with Turkey."

Our Vision

We aim to promote the products and services of companies in target countries, ensuring international information sharing and sectoral promotion. By bringing together the public and private sectors, we support the development of commercial relations, paving the way for new technologies and innovations. Our goal is to enhance the visibility of participating companies, providing them with the opportunity to showcase their offerings to foreign officials and potential customers. Through sector-specific media organizations, we seek to reach broader target audiences and create new commercial opportunities by facilitating connections with companies in related sectors' supply chains.

İGEF is an exhibition and conference event that brings together a wide range of security technologies, equipment, and related branches of the arms industry on an international platform, uniting both the public and private sectors under one roof.

İGEF'25 is organized under the auspices of the Ministry of Interior of the Republic of Turkey, with participation from the Presidency of Defense Industries (SSB), the General Directorate of Security (EGM), the Gendarmerie General Command (GGC), the Coast Guard Command (SG), the Disaster and Emergency Management Presidency (AFAD), and other key institutions. The event is supported by the Turkish Ministry of Interior Directorate of Migration Management (DGMM), the Small and Medium Enterprises Development Organization (KOSGEB), the Turkish Police Organization Strengthening Foundation (TPTGV), the Gendarmerie Public Order Foundation (JAV), and the Weapon Industry Explosive Materials and Businessmen Association (SİSİAD).

This platform serves as a meeting point for senior police officers from abroad, relevant bureaucrats, and security equipment suppliers to discuss critical issues related to internal security. It also provides a venue for introducing and exhibiting new products, services, and the latest technologies in the sector. As a promotional event, it aims to open the security sector to foreign markets by fostering an international cooperation network focused on internal security issues.

Participant Profile

Products and Services to be Exhibited

Imaging and Surveillance Systems

- Camera and Surveillance Systems
- Alarm Monitoring Centers
- Access Control Systems and Equipment
- Tracking, Surveillance and Access Control Systems
- Face Recognition and Verification Systems
- Automatic Vision Equipment
- Optical and Optoelectronic Systems
- Listening Devices and Equipment
- Image Acquisition and Processing Patlayıcı Sistemler

Explosive and Firearms Systems

- Long and Short Barreled Weapons
- Full and Automatic Weapons
- Rifled and Smoothbore Weapons
- Shock Guns
- Light Weapons
- Munitions and Fireworks
